Heated water and holding tanks

DYNAQUEST ST DQ260ST

Upscale amenities such as a 23-inch flat screen television and a Bose® LS 18 DVD/CD player with Surroundsound® fill the DQ260ST. The dinette and Flexsteel® sofa transform into comfortable accommodations. The living area is surprisingly wide and comfortable, despite its smaller size.

The Flexsteel® Hide-A-Bed sofa transforms into a very comfortable queen size air mattress bed.

Interior décors include rich, solid wood cabinetry, a beautiful selection of fabrics, sculpted carpet, Corian countertops and more.

The cockpit is very professional and contemporary with lots of leg room.

You'll find a surprisingly large amount of storage. A bigger surprise is the extra storage available in the trunk.
